**Empfehlung**  
Wir empfehlen beim Einsatz von preisgünstigen Lattenrosten oder hoher Gewichtsbelastung eine **Crosstraver** (Quertraverse) und für Betten ab 160 cm mit 2 Lattenrosten oder für den Motorrahmeneinbau eine **Midtraver** (Längstraverse). Midtraver mit Vilo Füßen nicht möglich. Bei Einsatz von Box/Conti siehe Seite 2.16.

**Recommandation**  
*En cas d'intégration d'un sommier bon marché ou de charge importante nous recommandons une Crosstraver (traverse transversale) et pour un cadre de lit à partir du 160 cm avec 2 sommiers ou pour l'encastrement d'un sommier à moteur une Midtraver (traverse centrale). Midtraver non compatible avec pieds Vilo. Utilisation de Box/Conti voir page 2.16.*

**Recommendation**  
When using budget-prices slats or current capability at high weight we recommend a **Crosstraver** (central cross bar) and for beds up to 160 cm with 2 slats or integration of motorframe a **Midtraver** (central bar). Midtraver with feet Vilo not possible. Application of bedding box Box/Conti see page 2.16.
